

## 🐾 PRE-COMPETITION MOT 🐾

Is your horse/pony ready for the upcoming 2024 competition season?

Ensure peak performance and optimal health for your equine athletes with a pre-season health check. Our wonderful senior vet Fernando holds a RCVS Certificate in Equine Surgery Orthopaedics and specializes in assessing the well-being of competition horses, addressing any potential issues, and providing tailored recommendations.

What is involved in the performance health check?

- On your yard or at our clinic examination (travel fee applies if we go to your yard)
- Clinical examination (Heart, lungs, basic teeth check)
- Orthopaedic examination
  - o Back and neck palpation
  - o In hand trot up
  - o Lunging
  - o Flexion test
- General blood profile
  - o Screen for any signs of infection, anaemia, inflammation, vital organ function, muscle enzymes etc

Benefits of a pre-season health check:

- Early detection of health concerns
- Customized care plans for individual horses
- Enhanced performance and reduced risk of injuries

★ We are currently offering this for only £120 per horse! ★

If there are any issues identified during the trot up or examination, we are offering 20% off any diagnostics on sites of concern. Diagnostics include:

- o Radiographs
- o Ultrasound
- o Endoscopy/gastroscopy

Don't leave your horse's well-being to chance. Book your pre-season health check today and give them the competitive edge they deserve!
